Subject Index of Articles

The classification system followed in the subject index was adapted from a system developed by the Bibliography Services Committee of the Division of Counseling Psychology, American Psychological Association, Barbara A. Kirk, Chairman.

Pagination of Volume 47

September 1–100
October 101–200
November 201–300
December 301–400
January 401–500
February 501–624
March 625–732
April 733–836
May 837–940
June 941–1048

Counseling and Guidance Concepts

History and Development

School counseling—an outside view, 12
Counselors for ghetto youth!, 279
Counselors under fire: Youth Opportunity Centers, 404
Author under fire, 1029

Objectives

What counselors must know about black power, 204
A question of counselor function and responsibility, 341
A sociological view of the counselor's role: a dilemma and a solution, 736
What black power advocates must know about counselors, 825

Methods or Process

Counseling theory: the problem of definition, 110
Comment: no future in this illusion, 114
Philosophy of guidance: view from the East, 116
Festinger's theory of cognitive dissonance applied to school counseling, 233
The case for consultation, 257
Client assessment issues: a perspective, 271
Preventing guidance changes: games guidance workers play, 281
To call or not to call, 284
Vocational appraisal of social security disability claimants, 313
A comparison of self-referred counselees and non-counseled junior high school students, 329
Differences between adolescents who seek counseling and those who do not, 333
Use of control groups in studies of guidance, 446
Catharsis: a means of reducing elementary school students' aggressive behaviors?, 461
Epistemology and school counseling, 506
The use of preliminary information in vocational counseling, 693
Game theory and short-term group correctional counseling, 758
Techniques for assisting life-stage vocational development, 776
Case study: new directions for the college counselor at CCNY, 800
Comment: yes, Virginia, there is a Santa Claus, 804
What determines determinism?, 825
I hear a syntony or I had a *deja vu* too, 825
The counselor as an applied behavioral scientist, 841
Education and mental health: new directions for interaction, 855
Confidentiality in college counseling centers, 872
Identity and therapy in the black community, 884
High-performing inner-city adolescents assist low-performing peers in counseling groups, 897
Personal encounter in higher education, 1001
A cautionary tale, 1029

Orientation

A valiant effort, 69
Biographical items and factors that differentiate rehabilitation counselor performance, 163
Some aspects of developmental guidance within an existential context, 440

Worker

The counselor is a psychologist, 4
Who decided that?, 9
Who is paying for elementary school guidance?, 69
Typical gaffes and faux pas common among beginning counselor trainees in their alarming attempts to be helpful and of assistance to the diverse victims of their art, being a taxonomy which categorizes identifies, and isolates them, 71

Selection, function, and assessment of residence hall counselors, 151
Personality of counselors and administrators, 228
The vocational rehabilitation counselor on mental patient treatment teams, 531
Vocational development of student personnel workers, 537
The verbal behavior of counseling trainees in an observational setting, 552
Effects of supervisor style and empathy on counselor perceptions in simulated counseling, 557
Who decided what?, 597
Counselor, know thyself!, 628
Positive mental health and facilitative genuineness during counseling, 762
The development of an SVIB Interest Scale for school counselors, 767
Employment and compensation practices for counselors, 944
Life history correlates of a career commitment to school counseling, 951
Student personnel work: a profession stillborn, 958
Style of role enactment expected of parent, teacher, and counselor, 963
Pupil personnel services in the elementary school, 975
The counselor in the elementary school, 979
Comment: ridiculous?, 987

RESEARCH NEEDS

A content analysis technique for evaluating outcomes in counseling, 346
Criteria for publishable manuscripts, 384
Funded personnel services research: patterns and trends, 970

Personality

DEVELOPMENTAL PROCESS

Negro self-esteem in a transitional society, 120

ORGANIZING CONCEPTS

Client assessment issues: a perspective, 271
Changes in accuracy of self-estimates, 353
Adolescents: a suppressed minority group, 639

COMPONENTS

Comparisons between adolescents with and without diabetes, 679

TRAIT DIMENSIONS

And it seemed so innocuous!, 69
The meaning of unpatterned vocational interests, 249
Adolescent social structure and drinking behavior, 304
The New York Jewish student syndrome: stereotype and facts, 410
Human nature and authoritarianism in seminary students and counselor trainees, 689
Positive mental health and facilitative genuineness during counseling, 762

CHANGE

Increased stability of self-concept in students served by a counseling center, 546

Adjustment Factors

INDIVIDUAL

Client assessment issues: a perspective, 271
Increased stability of self-concept in students served by a counseling center, 546
Satisfied and dissatisfied students, 641
Comparison of life styles of honors, nonhonors women, 671
Comparisons between adolescents with and without diabetes, 679
Predicting the success of freshman engineers, 1008

INTERPERSONAL

Socioeconomic status and perceived expectations as measures of family influence, 655

GROUP

And it seemed so innocuous!, 69
Negro self-esteem in a transitional society, 120
Activities of suburban and inner-city youth, 209
The meaning of unpatterned vocational interests, 249
Adolescent social structure and drinking behavior, 304
The New York Jewish student syndrome: stereotype and facts, 410
The undecided student—how different is he?, 429
Adolescents: a suppressed minority group, 639
College major choice and personal adjustment, 685
The adolescent with diabetes and the public schools—a misunderstanding, 753
The teenage problem is the adult, 849
Identity and therapy in the black community, 885

ENVIRONMENTAL

Social class and educational aspirations: a Weberian analysis, 650
School climates and student behavior: implications for counselor role, 859
The effects of college residence groups on students' self-concepts, goals, and college achievements, 1015

Educational Development

EDUCATIONAL CHOICE FACTORS

Effect on college choice satisfaction of matching students and colleges, 34

Student curriculum decisions, 240

Accepting the challenge of John Finley Scott, 543

An experimental computer-based educational and career exploration system, 564

Socioeconomic status and perceived expectations as measures of family influence, 655

Perceptions of non-college-bound, vocationally oriented high school graduates, 988

ACHIEVEMENT BASES—
EDUCATIONAL SKILLS

The social psychology of cramming, 104

Interaction effect of extrinsic rewards and socioeconomic strata, 318

ACHIEVEMENT PREDICTION—PRE-COLLEGE

Predictors of success in high school level vocational education programs: a review, 1954–1967, 137

Peer relationships and male academic achievement: a review and suggested clarification, 417

Primary school correlates of secondary school achievement, 675

ACADEMIC PREDICTION—UNDERGRADUATE

Consistency as a factor in predicting grades, 50

Generalized academic prediction in four-year colleges, 130

Tutor-pupil relationship and academic progress, 324

Peer relationships and male academic achievement: a review and suggested clarification, 417

Maternal attitudes and the non-achievement syndrome, 424

Social class and educational aspirations: a Weberian analysis, 650

Predicting the success of freshman engineers, 1008

SPECIAL POPULATIONS

In support of the concept of underachievement, 56

Predictors of success in high school level vocational education programs: a review, 1954–1967, 137

Perceptions of a university environment by social-political action leaders, 218

Satisfied and dissatisfied students, 641

Comparison of life styles of honors, nonhonors women, 671

Assessment of accomplishments of college students four years after high school graduation, 745

High-performing inner-city adolescents assist low-performing peers in counseling groups, 897

The black quest for higher education, 905

Vocational Development

THEORETICAL ASPECTS

Learning theory and vocational decisions, 18

Career development concepts: significance and utility, 24

Toward a definition of work, 223

Use of occupational drawings to enhance vocational development, 518

Toward a theory of career development for women, 660

The relationship of sex to occupational prestige in an African country, 665

Comment: a critique of a cross-cultural study or a difference, to be a difference, must make a difference, 669

Career saliency for teachers and other occupational groups, 773

Techniques for assisting life-stage vocational development, 776

A maximizing model of occupational decision-making, 781

Person-placement congruence: a framework for vocational counselors, 789

Parent-child relations, need-nurturance, and vocational orientation, 794

CAREERS

Life history correlates of a career commitment to school counseling, 951

OCCUPATIONAL CHOICE—
ENVIRONMENTAL FACTORS

The effects of a vocationally oriented speech course on the vocational planning behavior of high school students, 244

An experimental computer-based educational and career exploration system, 564

OCCUPATIONAL CHOICE—
PERSONAL FACTORS

Vocational exploration of future college teachers, 435

An experimental computer-based educational and career exploration system, 564

Human nature and authoritarianism in seminary students and counselor trainees, 689

Managerial talent among undergraduate and graduate business students, 995

OCCUPATIONAL SUCCESS PREDICTION

Vocational rehabilitation of the socially disadvantaged: demographic and intellectual correlates of outcome, 213

Using a modified NMZ Scale to predict the vocational outcomes of psychiatric patients, 456

OCCUPATIONAL ADJUSTMENT

Comparison of life styles of honors, nonhonors women, 671

The development of an SVIB Interest Scale for school counselors, 767

Need-reinforcer correspondence as a predictor of job satisfaction, 878

Measurement

PSYCHOMETRIC

Components of the high school environment, 40

Vocational Preference Inventory high point codes and educational preferences, 126

The development of an SVIB Interest Scale for school counselors, 767

Managerial talent among undergraduate and graduate business students, 995

TEST SELECTION AND USE

Generalized academic prediction in four-year colleges, 130

Predictors of success in high school level vocational education programs: a review, 1954–1967, 137

Interaction effect of extrinsic rewards and socioeconomic strata, 318

Changes in accuracy of self-estimates, 353

A comparison of the SVIB Basic Interest Scales with the regular Occupational Scales, 450

Using a modified NMZ Scale to predict the vocational outcomes of psychiatric patients, 456

The disadvantaged and the aptitude barrier, 467

Toward effective evaluation of the culturally deprived, 891

Tests

PROFICIENCY

The disadvantaged and the aptitude barrier, 467

Primary school correlates of secondary school achievement, 675

EDUCATIONAL APTITUDE

Generalized academic prediction in four-year colleges, 130

SPECIAL APTITUDE

Predictors of success in high school level vocational education programs: a review, 1954–1967, 137

The disadvantaged and the aptitude barrier, 467

INTERESTS, ATTITUDES, AND VALUES

Relationships of equivalent scales on three interest inventories, 44

Vocational Preference Inventory high point codes and educational preferences, 126

Personality of counselors and administrators, 228

The meaning of unpatterned vocational interests, 249

A comparison of the SVIB Basic Interest Scales with the regular Occupational Scales, 450

The vocational interests of Dartmouth College freshmen: 1947–67, 521

Comparisons between adolescents with and without diabetes, 679

The development of an SVIB Interest Scale for school counselors, 767

Managerial talent among undergraduate and graduate business students, 995

Occupational Information

ROLE

Toward a definition of work, 223

Professional preparation of junior and senior college student personnel administrators, 263

Vocational exploration of future college teachers, 435

MATERIALS

The effects of a vocationally oriented speech course on the vocational planning behavior of high school students, 244

Use of occupational drawings to enhance vocational development, 518

Individual Counseling

RELATIONSHIP

Neurotic-symbiotic counseling relationships, 63

A comparison of self-referred counselees and non-counseled junior high school students, 329

Differences between adolescents who seek counseling and those who do not, 333

Identity and therapy in the black community, 884

TECHNIQUE

Festinger's theory of cognitive dissonance applied to school counseling, 233

Catharsis: a means of reducing elementary school students' aggressive behaviors?, 461

The use of preliminary information in vocational counseling, 693

A cautionary tale, 1029

Group Counseling

RELATIONSHIP

The fine art of groupsmanship or surviving in group interaction, 381

METHODOLOGY

The use of preliminary information in vocational counseling, 693
Model reinforcement in group counseling with elementary school children, 741
Game theory and short-term group correctional counseling, 758
High-performing inner-city adolescents assist low-performing peers in counseling groups, 897
Personal encounter in higher education, 1001

Service Programs and Techniques

COMMUNITY

Activities of suburban and inner-city youth, 209
Professional preparation of junior and senior college student personnel administrators, 263
Counselors in private practice: a survey report, 337
The teenage problem is the adult, 849

COLLEGES AND UNIVERSITIES

Illustrative problems in college-level grading, 29
Effect on college choice satisfaction of matching students and colleges, 34
Generalized academic prediction in four-year colleges, 130
Computer-assisted academic advising, 146
Selection, function, and assessment of residence hall counselors, 151
